Uniform Business Travel Law

The respective collective agreements for metal workers and for the electronics industry provide specific requirements regarding travel expense claim forms that are easy to manage with our supplement for SAP Standard.

Solution Description

Uniform Business Travel Law (EDR) enables you to cover the requirements of the collective agreements for metal workers and the electronics industry regarding the travel expense claim forms.

The expansions are realised in the standard version of the SAP ERP HCM via user exits and user expansion.

The display of travel and driving time remuneration is also included in this solution.

Implemented Functionalities

DISPLAY OF TRAVEL AND DRIVING TIMES

Travel and driving times are managed via their own tab in the transaction Trip. These additional payments can be calculated and paid via travel expenses.

CUSTOMISED EDR MENU

In a clear client menu all the required settings can be maintained. The respective functions can either be started using available push buttons or menu navigation.

CUSTOMISED FEATURES

The employees can be assigned to and excluded from individual rules via features.

CUSTOMISED MARKING

Travel privileges infotype

Client Advantages

Display of collective agreement requirements regarding business travel expense forms

Simple client menu

Computation included in standard travel process

Assessment rates and basics controlled by tables

Automated master data maintenance via program (Batch Input)

Solution expandable for other collective agreements

Solution expandable for new business travel rights
